Zorgniotti Grant Report

MESSM Academy Activities: 1st MESSM Multidisciplinary Masterclass: Hormones, Metabolism and Sexual Medicine

The MESSM organized and held a hybrid masterclass, the 1st MESSM Multidisciplinary Masterclass: Hormones, Metabolism and Sexual Medicine in Tunis, Tunisia on 28 June 2024.

The workshop covered detailed approaches to lifestyle and sexual dysfunction as well as hypogonadism and the impact of obesity on sexual function.

More than 100 doctors including family doctors, sexologists, urologists, psychiatrists, cardiologists and gynecologists registered and attended (in person and online) the masterclass and was met with great enthusiasm and satisfaction.

Evaluation:

Evaluation Items	Satisfaction %
Very satisfied with the overall masterclass	78%
Would recommend the masterclass to colleagues	78%
Content of the masterclass exceeded their expectations	68%
